

PUBLIC NOTICE

TOWN OF HAMPTON

Mosquito Control

The Mosquito Control program begins the week of April 10, 2017 in the Town of Hampton. Crews from Dragon Mosquito Control will be checking swamps, salt marshes, woodland pools, ditches, storm drains and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following insecticides may be used:

VectoBac (Bacillus thuringiensis israelensis)	BVA 2 Mosquito Larvicide Oil (highly refined petroleum distillate)
Natular (spinosad)	CocoBear MLO (mineral oil)
Altosid (methoprene)	AquaBac 200G (Bacillus thuringiensis israelensis)

A truck mounted sprayer will disperse Duet (sumithrin & prallethrin) or Zenivex (etofenprox) along roadways. Road spraying may begin in June and continue into October. It is not possible to predict the schedule for road spraying in advance. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions.

If Eastern Equine Encephalitis or West Nile Virus is found in or near Hampton, then emergency spraying may be conducted using one or more of the following products:

Cross Check Plus (bifenthrin)	Permanone (permethrin)
Duet (sumithrin & prallethrin)	Zenivex (etofenprox)
DeltaGard (deltamethrin)	
Essentria IC ³ (rosemary oil, geraniol, peppermint oil)	

Emergency spray treatments may be conducted at the following locations:

Marston School	Tuck Field
Hampton Junior High School	Eaton Park
Centre School	Lou Brown Park
Winnacunnet High School	High Street Cemetery

It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place.

Residents who do not want their wetlands treated may use our No-Spray Registry online at www.dragonmosquito.com/no-spray-registry or write to Dragon Mosquito Control, P.O. Box 46, Stratham, NH 03885. Be sure to include your name, physical address, phone number, and a description of your property with boundaries. Residents who would like to have their stagnant water checked for mosquitoes may call our office at **734-4144** or email Help@DragonMosquito.com. There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
